

Sandeep A N

SAP Technical Consultant

sandeep.bnvh@gmail.com | +91-7676359446 | [linkedin.com/in/sandeepbnvh](https://www.linkedin.com/in/sandeepbnvh)

Professional Summary

Highly skilled **SAP Technical Consultant** with **6+ years of experience** specializing in **SAP UI5, SAP Fiori, and S/4HANA**. Proficient in **developing, customizing, and enhancing SAP Fiori applications** using **SAP Business Application Studio (BAS), SAP Web IDE, and VS Code**. Expertise in **SAP Fiori Launchpad configuration, OData services, SAP Gateway, and Fiori Elements**, with a strong background in **Agile project methodologies**. Adept at **end-to-end SAP rollouts, implementation projects, and troubleshooting complex UI5/Fiori applications** to drive seamless user experiences.

Core Competencies

- **SAP UI5 & Fiori Development:** Freestyle UI5 apps, Fiori Elements, Smart Controls
- **SAP Fiori Launchpad:** Tile configuration, Target Mapping, Catalog Management
- **SAP BTP & Cloud Technologies:** SAP BTP, Cloud Foundry (Basic), CAP Model (Basic)
- **Backend & Integration:** oData Services, SAP Gateway, CRUD Operations
- **SAP S/4HANA & ECC:** Migration, Rollout, and Customisation
- **Development Tools:** SAP Business Application Studio (BAS), SAP Web IDE, VS Code
- **Agile & Project Management:** Scrum, Requirement Gathering, User Training

Professional Experience

SAP Technical Consultant

Infosys | Mar 2022 – Present

◆ **Client:** Hitachi Energy Ltd (Global technology leader in sustainable energy solutions)

Key Contributions:

SAP S/4HANA Rollout & Implementation

- Supported **SAP ECC to S/4HANA transformation** across **64+ countries**, ensuring **successful go-live** in multiple phases.
- Coordinated with **cross-functional teams** and delivered **user training** for seamless SAP adoption.

SAP UI5 & Fiori Development

- Developed **end-to-end Freestyle SAP UI5 applications**, debugging and enhancing **existing Fiori applications** based on business needs.
- Designed and deployed applications using **SAP Business Application Studio (BAS)** and **VS Code**.

SAP Fiori Launchpad Customization & Configuration

- Configured and customized **SAP Fiori Launchpad tiles**, including **target mapping, catalog structure, and dynamic tile updates**.
- Utilized **SAP Fiori Launchpad Designer** for custom **tile creation and launchpad configurations**.

OData & SAP Gateway Integration

- Activated and managed **OData services** for seamless SAP UI5 and backend communication.
- Worked on **CRUD operations**, ensuring data consistency between **Fiori UI and SAP backend systems**.

SAP CAP (Cloud Application Programming Model)

- Gained hands-on experience by developing a basic POC using SAP CAP, including CDS modelling and service definitions.
- Explored integration of CAP-based services with SAP Fiori/UI5 frontend, using node.js for backend logic and data exposure
- Implemented server-side PDF generation within a CAP application using jsPDF.

SAP Technical Consultant

Tata Consultancy Services | Jan 2020 – Mar 2022

◆ **Client:** GlaxoSmithKline (GSK), Global Pharmaceutical Leader

Key Contributions:

SAP UI5 & Fiori Application Development

- Created an **end-to-end Freestyle Custom SAP UI5 application** for **Physical Inventory Count Management**.
- Debugged and enhanced **SAP Fiori applications**, resolving performance bottlenecks and UI issues.

OData & Gateway Enhancements

- Activated and optimized **OData services** in SAP Frontend Server to enhance **data communication and retrieval**.
-

Technical Skills

Category	Technologies & Tools
SAP UI5 & Fiori	Freestyle UI5, Fiori Elements, Smart Controls, BAS, SAP Web IDE, VS Code
SAP Fiori Launchpad	Tile configuration, Target Mapping, Catalog & Group Management
Backend & Integration	SAP OData, SAP Gateway, CRUD operations
SAP ERP	S/4HANA, ECC
Development Tools	BAS, SAP Web IDE, Eclipse, VS Code
Agile & Project Management	Jira, Scrum, User Training
SAP Cloud	SAP BTP , SAP Cloud foundry, SAP CAP

Education

Bachelor of Engineering (B.E.), Computer Science
Gogte Institute of Technology | 2015 – 2019

Certifications & Training

SAP Certified Development Associate – SAP Fiori Application Developer
Issued: Mar 2023 | Valid Until: Mar 2028

Key Achievements

Supported SAP S/4HANA rollout across 64+ countries, ensuring smooth implementation.
Developed & enhanced multiple SAP UI5/Fiori applications, improving business workflows.
Integrated SAP Conversational AI Chatbot with Fiori Launchpad, enhancing real-time issue resolution.
Configured & managed SAP Fiori Launchpad, streamlining navigation & accessibility.
Trained users & collaborated with global teams, ensuring successful system adoption.
